

2022 GRATITUDE REPORT FINANCIAL SUMMARY

YOUR IMPACT

Thanks to your generosity,

\$17,002,861

was raised in 2022 to transform patient care at Providence Mission Hospital campuses in Mission Viejo and Laguna Beach. We are grateful for the community's support that made these enhancements possible, allowing the hospital to continue excelling as a leader in health care.

\$2,773,761

ADVANCED SURGICAL, DIAGNOSTIC IMAGING AND PREVENTIVE CARE TECHNOLOGY

Invested within departments such as neuroscience, cardiac, digestive health, labor and delivery, and urology to ensure patients continue to receive high-quality customized care using the most innovative technologies.

\$1,678,326

LEONARD CANCER INSTITUTE

Continued elevating our multidisciplinary institute to actively meet the demand for a full range of cancer services - driven by the latest scientific, genetic and surgical advancements - customized for each patient's needs.

\$711,385

DIGESTIVE HEALTH INSTITUTE

Acquired state-of-the-art magnifying colonoscopes that support visualization with up to 135x*1 magnification and manometry catheters that deliver a high-resolution and three-dimensional map of pressure levels within the GI tract.

\$657,451

HEART AND VASCULAR CENTER

Upgraded with the latest technology that improve patient results, operational safety, imaging and navigation. The systems acquired to achieve these outcomes included the Skytron® Surgical Table, Philips® EPIQ CVx Ultrasound System, Shamrock® Surgical Cardiac Cooler-Heater, LivaNova® Electrical Venous Occluder and many more.

\$426,820

CAREGIVER APPRECIATION

In support of our caregivers' well-being, we provided wellness kits and celebratory events, such as service awards, Hospital week and National Doctors Day, to thank them for their endless dedication to our community.

\$247,254

NEUROSCIENCE INSTITUTE

Secured Integra® DUO LED Surgical Headlight System to provide supplemental illumination aiding visualization during surgical, diagnostic, or therapeutic procedures and additional surgical technology such as Neptune® 3 Rover and Docking Station, Verathon Glidescope® and a state-of-the-art spine table.

\$193,073

WOMEN AND INFANTS INSTITUTE

Outfitted our labor and delivery department with additional Stryker® Nara Bassinets and renovated the sleep room where obstetricians can recharge in between patients.

\$205,277

COMMUNITY HEALTH INVESTMENT

Expanded comprehensive medical, mental, dental and vision services, including transportation to appointments, for the low-income, underinsured/uninsured and senior populations.
